

The high cards in each suit are called
the Honours:

there are five of them:

Ace
King
Queen
Jack
Ten

To know the strength of your hand,
and to judge whether you can take lots of
tricks, we give a value to each of these
cards:

Ace is worth	4 points
King is worth	3 points
Queen is worth	2 points
Jack is worth	1 point

That is a total of **10** points per suit
and **40** points for all four suits
